### **QUALIFIED OUTSIDE MEDICAL INSURANCE POLICY OR PLAN REIMBURSEMENT**

The Medical Reimbursement program reimburses premiums and costs for other qualified medical insurance plans (plans other than those provided through TEIGIT) that cover you and your dependents. This applies to a medical insurance policy you purchase directly, or health insurance through your spouse's employer that requires an additional insurance premium to include you as a dependent. Only premiums made on a post-tax basis are eligible for full reimbursement; pre-tax premiums will be reimbursed net of taxes and reported as taxable income.

The medical insurance policy or plan must provide you (and if applicable your dependents) with coverage for medical services such as hospitalization, surgery, x-rays, prescription drugs, etc. Premiums for medical insurance that do not include the Artist in the coverage do not qualify for reimbursement. Premiums for life insurance, accidental death and dismemberment insurance, loss of income insurance or automobile insurance are not covered.

In addition, the premium must meet all of the following requirements:

- It covers a policy that is in effect at the time the reimbursement is to be paid.
- You are covered by this policy.
- The claim for reimbursement must be filed no later than **six months** after the end of the fiscal year in which the medical expense was incurred. The fiscal year ends on August 31. Therefore claims incurred in the twelve months prior to August 31 must be filed by February 28 of the following year.
- It must be documented with proof of payment and a description of the medical coverage provided (i.e. a premium billing statement and a canceled check, and, in the case of coverage by your spouse's employer, proof that additional premium was paid for your coverage).
